Listing ID: 002391912108

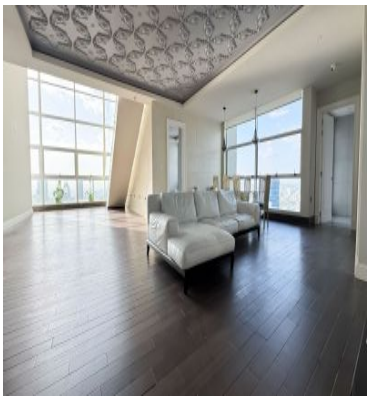

A rare opportunity to own a 1,156 m² trophy penthouse in Punta Pacifica for approximately $3,000/m² — an exceptional value for a property of this scale and exclusivity. High above Panama City, occupying the top four levels of the tower, this extraordinary residence redefines what it means to live in the sky. More than a penthouse, this property feels like a private villa suspended above the city, offering 1,156 m² (12,443 ft²)of interior and outdoor living space across four spectacular levels. From sunrise over the Pacific Ocean to the city lights illuminating the skyline at night, every level of this residence offers breathtaking panoramic ocean and city views. The home is thoughtfully distributed to separate private living, grand entertaining, and outdoor lifestyle spaces, creating a unique sense of privacy rarely found in a high-rise residence. The private bedroom level provides four spacious bedrooms and a comfortable family lounge, creating a quiet retreat above the city. One level above, the grand social floor unfolds with expansive living spaces designed for entertaining: a
