The Palms Beach Resort is an exclusive residential development located on Island II of Ocean Reef Islands, Latin America's first artificial islands, offering a unique beachfront lifestyle in the heart of Panama City. The project combines contemporary architecture, privacy, and an island-resort concept, with only 1 or 2 residences per floor, surrounded by landscaped gardens and open spaces designed to maximize natural light and ventilation. Residents will enjoy more than 120 meters of private beach, resort and lap pools, a swim-up bar, fitness center, sauna, meditation areas, massage room, oceanfront decks, fire pits, gazebos, and private cabanas. Additional recreational spaces include yoga, croquet, Spikeball, and a private pier for fishing and dolphin watching. As part of Ocean Reef Islands, residents also have access to tennis, squash, volleyball, basketball and soccer courts, parks, children's areas, and the Ocean Reef Marina, offering yacht services, dry storage, and a water sports club. The community also features a yacht club, restaurant, convenience store, and helipad. The Palms Beach Resor
