Kim and Dean are proud to present this exclusive, one-of-a-kind private oasis located just north of Placencia, Belize—an architectural masterpiece tucked inside a secure, 24/7 gated community. This extraordinary bamboo-built residence is ideal for anyone seeking a deeper connection to nature while still enjoying high-end amenities available only to residents of this prestigious development. Crafted from Grade A structural timber bamboo, the material was sourced from Vietnam, engineered and constructed in Hawaii, and then transported to Belize to create what can only be described as a work of art. These bamboo structures are not only visually stunning—they are exceptionally strong, offering the durability of mild steel and the compression strength of concrete. The design meets and exceeds the most rigorous U.S. hurricane-resistant construction codes. Bamboo homes are naturally pest-resistant, mold- and mildew-resistant, low-maintenance, and deliver superior indoor air quality. In fact, this construction standard surpasses California's strict air-quality guidelines and meets USGBC LEED certifications—making this ho
