Listing ID: 400352494169

Set on 3.5 acres of lush tropical land, this special property offers something increasingly difficult to find: two beautifully crafted ocean-view homes, privacy, income potential, and the unmistakable feeling of a true home. The main residence features two bedrooms and two bathrooms, along with an expansive covered balcony designed for enjoying the ocean views, tropical breezes, and peaceful surroundings. Warm wood finishes, handcrafted custom furniture and doors create a cozy, inviting atmosphere that feels personal and timeless rather than mass-produced. A separate guest house has its own private entrance, ocean view, and established rental history, making it ideal for vacation rentals, long-term guests, visiting family, or a private workspace. The two-home layout provides flexibility without sacrificing privacy. Built only approximately 5.5 years ago, the property reflects high-quality construction and thoughtful craftsmanship, with Teak and Guanacaste wood featured throughout. Every detail has been chosen to complement the natural setting and create a home that feels comfortable, authentic, and connected t
